## **The stories and legends of castles, knights, princesses and royal horses**

Costumed guides take you through the whole story. Interesting interactive stories are designed for kids to learn all about the castles and noble families in a fun way, who were counts and countesses, why it is important to take care of the old mansions and what good manners used to be desirable on the court. Legend of the knight who fought with the dragon strongly encourages children's imagination as well as learning about how important it is to help each other. If the weather is not going to be ok for running outside we'll settle on the pillows in our corner for storytelling and play games on the top floor.

## **Let's go up to the ball room**

All rooms in the manor are decorated fairytale-like. Knights' room, hunting room for boys and lady's room for girls. All rooms are full of antique little things, so in an interactive conversation with kids we excite research spirit to pay attention and to find interesting details. The old store is also special with straw teddy bears and antique toys. On the first floor there is a large ballroom where all the costumes are waiting for us. We will learn the proper bow and let's put some music and dance. Everyone can become princesses and knights.

## **Colorful clothes and uniforms knight**

For princesses and countesses, we have prepared over 100 colorful dress and different jewelry. Boys will choose whether they want to be knights and counts, and to try their hand and in the exercise swordsmanship with wooden swords, of course under the supervision :) For adults also have prepared dresses for memorable photos from tour.

### Culinary workshop

We have prepared several creative workshops depending on the season. Culinary workshops where children will hear an interesting story about how to make jam. Also they will try to make their own cookies with dough filled with jam.

### Luncheon

The court chef invites us to a luncheon in the three-course, where animators become royal service. Like a real court ceremony, the focus is on the elegant demeanor.

### Royal horses and games

We will introduce you to the different types of horses, Lipizzaner, Knabstrupper, Baroque Pinto, and the Spanish horses and a little pony will show the tricks. Atrium contains something for everyone, big sandy terrain excellent for football and ball games, park for walking and resting on blankets.
